The question of whether democratization is an elite-led process from above or a popular triumph from below continues to be an area of contention among political scientists. Examining the experiences of countries which have provided the main empirical base for recent theorizing, namely, Western Europe and South America in the 19th and early 20th centuries and again in the 1970s and 1980s, this book delineates a more complex and varied set of patterns. The volume explores the politics of democratization through a comparative analysis that examines the role of labor in relation to elite strategies in both contemporary and historical perspectives. In her detailed analysis, Professor Collier also describes multiple patterns within each historical period, challenges conventional understandings of these events, and recaptures a role for unions and labor-based parties in contemporary processes of democratization.

作者介绍:

目录: 1. Introduction; 2. Elite-driven reform in early democratization; 3. Social democracy and political calculations; 4. Labor action in recent democratization; 5. Conclusion: toward an integrated approach; Bibliography.

评论

Democratization must be analyzed as both a class and a strategic process, engaged in by those politically included as well as excluded, acting in both deliberation/negotiation and mobilization/protest arenas.

时隔一年感觉到这书真是太牛逼了，所有我有一点朦胧想法的点其实人家早都清清楚楚地写出来了。

中和既有民主化理论（精英选择论和工运压力论），强调工人运动对精英选择的重要性，将结构与过程统一起来。在上述框架下，提出了描述第三世界国家民主化的四种路径。理论上有一定价值，但没那么有新意。感觉忽视了世界体系、政党等的作用。

1。民主化。取长补短：精英论和阶级论。三维（class, inclusion, arena of action）的框架。
