This is the third volume of "The Best of the Perl Journal", compiled and re-edited by the original editor and publisher of The Perl Journal, Jon Orwant. There are 47 articles included in the book on the subjects of games, diversions, and the unique culture of

this close-knit community, by Perl authors and coders. It focuses on entertaining topics that make Perl users such fanatics about the language. You'll find all of the playful features TPJ offered over the years, including the Obfuscated Perl Contests, Perl Quiz Shows, humour articles, and renowned one-line recipes. The book also contains a panoply of quirky applications of Perl, including genetic algorithms, home automation, music programming, and an entire section on natural language processing.
