Build your VFX arsenal with quick-access, step-by-step instruction on how to create today's hottest digital VFX shots. This essential toolkit provides techniques for creating effects seen in movies such as 300, Spiderman 3, Predator and others, with lessons on

how-to:

* splatter blood or digitally lop someone's arm off

* create a scene with actors running from an explosion

* create the "twin effect" (same actor, same location, 2 performances)

* produce space-ship dog fights

Organized in a 'cookbook' style, this allows you to reference a certain effect in the index and immediately access concise instructions to create that effect.

Techniques are demonstrated in each of the most popular software tools- After Effects, Final Cut Studio, Photoshop, and Combustion are all covered. Brilliant, 4-color presentation provides inspiration and stimulating visual guidance to the lessons presented, while the companion DVD contains project media files enabling you to put concepts learned into immediate practice.

* 4-color, step-by-step instruction for producing today's hottest digital VFX shots

* VFX techniques are presented in each of the most popular software tools

* Companion DVD features project media files allowing you to immediately implement techniques learned
