A leading figure in modern southern literature, described by Newsweek as "one of the best American storytellers", Peter Taylor secured a national following through his long relationship with the New Yorker and his widely read volumes from the 1980s, *The Old Forest and Other Stories* and *A Summons to Memphis*. The Pulitzer Prize -- winning author's portrayals of the battles of strong-willed fathers and mothers with their equally strong-willed sons are at the center of his achievement in fiction. David Robinson presents Taylor as a writer deeply concerned with the interworkings of family relationships, and emphasizes his role as chronicler of the shifts in southern culture in this century. *World of Relations* provides an important critical assessment of the work of one of the South's greatest writers, and includes the first extensive critical discussion of Taylor's last two works, *The Oracle of Stoneleigh Court* (1993) and *In the Tennessee Country* (1994).
