The Wire Primers: A Guide To Modern Music, edited by The Wire's Editor-at-Large Rob Young, is our essential guide to the core recordings of some of the most visionary and inspiring, subversive and radical musicians on the planet, past and present. Containing a selection of the magazine's popular regular article The Primer (which features a potted guide to the works of significant artists, groups or umbrella genres) alongside three new unpublished essays, readers are treated to demystifying chapters on key genres and movements, including musique concrète, turntablism, Noise and dubstep.

wire的现代 music for  
dummies...说实话wire执笔阵的文风我不是很喜欢（个别除外）。
