New York Times bestselling illustrator David McPhail has crafted a timeless tale of friendship in the tradition of such classics as *Frog and Toad*. *Budgie & Boo* introduces two new lovable characters who will charm the youngest readers with their humor and high jinks!

Morning, noon, and night, Budgie and Boo work in their gardens, have adventures, and solve problems for each other—from fixing a leaky roof to fixing breakfast—because that’s what best friends are for. Together they learn that even if they lose their way,

friendship is all they need to get through the day.
