While working as a vintage clothing dealer, combing through estate sales and eBay listings, longtime knitter Kristen Rengren amassed hundreds of knitting pattern booklets from 1920 through 1960. Now a knitwear designer, Rengren brings us the result of her combined passions in *Vintage Baby Knits*, a charming collection of more than 40 contemporary updates of timeless baby patterns. Projects range from small, quick-to-knit items like hats, booties, and shrugs to larger, more challenging designs for sweaters, onesies, and dresses, including a lace christening gown. Beautiful photographs capture a bevy of adorable babies and toddlers wearing these knitted treasures. Also included are sidebars on baby fashion and knitting culture in this bygone era, and a complete reference section. Destined to be a classic itself, *Vintage Baby Knits* promises family heirlooms for 21st-century babies.
