著者:John R. Gold

出版者:Taylor & Francis

出版时间:1998-4-21

装帧:Paperback

isbn:9780419207405

Making extensive use of information gained from in-depth interviews with architects active in the period between 1928-1953, the author provides a sympathetic understanding of the Modern Movement's architectural role in reshaping the fabric and structure of British metropolitan cities in the post-war period and traces the links between the experience of British modernists and the wider international modern movement.
