

# American Genre Painting

[American Genre Painting\\_下载链接1](#)

著者:Professor Elizabeth Johns

出版者:Yale University Press

出版时间:1993-07-28

装帧:Paperback

isbn:9780300057546

Probing beneath the "everyday blissfulness" of American genre painting, Johns analyzes various works and reveals that these paintings did not reflect faith in the

common man but served rather to reinforce feelings of superiority among political and social leaders of antebellum America.
