著者:Dana Moore

出版者:McGraw-Hill Companies

出版时间:2001-11-28

装帧:Paperback

isbn:9780072192841

This text contains practical explorations of peer-to-peer technologies that enable the reader to quickly implement and leverage P2P. There are clear definitions, real-world examples, practical technology explorations, and no-nonsense solutions, along with 16 pages of blueprints that map out sample peer-to-peer network designs to help to place the information in a visual context for the reader.
