"Peter was a populist priest. He was cool. He was funny. He was no priest, just a regular guy. It's like I had another uncle. A great one, who laughed, who sang, who tickled. Until he took us for summer camp. Until we were so close, temptation came in the picture." Based on a true story that the writer experienced himself, this graphic novel presents very simply the grey areas in such a situation, how he had tucked the whole episode deep within him but then how his rage and self-pity let it all out and finally revisiting the man when close to death and his coming to grips. A very moving, topical and important work, sensitively presented.
