The easiest way to learn how to create a Web page for your family or organization Do you want to share photos and family lore with relatives far away? Have you been put in charge of communication for your neighborhood group or nonprofit organization? A Web page is the way to get the word out, and Creating Web Pages Simplified offers an easy, visual way to learn how to build one. Full-color illustrations and concise

instructions take you through all phases of Web publishing, from laying out and formatting text to enlivening pages with graphics and animation. This easy-to-follow visual guide shows you the building blocks of a Web page and how to work with images, create links and forms, generate dynamic content using JavaScript, use style sheets, and publish a page on the Web. You'll learn to use HTML, create simple yet attractive Web pages, and enhance them with frames, multimedia effects, links, and more. Features full-color illustrations with step-by-step instructions Covers everything you need to get started, including how to use HTML, how to lay out pages and format text, and how to add graphics and visual effects Shows how to make your pages more interesting with animation and sound, add links to other sites, include e-mail addresses, and more Includes a tear card with HTML tag references and a Web-safe color chart to keep handy as you build your pages If you've ever thought about building a Web page, Creating Web Pages Simplified is simply the easiest way to make it happen.
