Sam and Dudley, stars of The Great Pie Robbery, are on the case again! This time they're searching for the alphabet, and they'd be really happy if kids would help. Here's how: throughout the book, the words for a variety of objects appear next to their pictures—and on every page just one letter of the alphabet is highlighted. That letter is always shown in color. So join the hunt...and at the end, find out what Sam and Dudley will do with the letters they've found!
