Yuppies, Yippies, Jet Setters, Bright Young Things, Generation X, Generation Y . . . and now the Gypset. Fusing the ease and carefree lifestyle of a gypsy with the sophistication of the jet set, the Gypsetters are artists, surfers, designers, and bon vivants who live and work around the globe, from Jose Ignacio, Uruguay and Ibiza, Spain, to Montauk, New York. Gypset Style explores the unconventional, wanderlust lives of these high-low cultural nomads and the bohemian enclaves they inhabit, as well as their counterculture forbears, such as the Victorian explorers, the Lost Generation, the Beatniks, and the hippies. And along the way, author Julia Chaplin looks back at quintessential gypsy boho moments in social history.
