Parents and children can never have enough ways to say "I love you"--and now, America's favorite dinosaurs are giving families a funny book, perfect for bedtime, storytime, anytime. Even when little dinosaurs are naughty, it's important to remind

them that no matter what they do, they are always loved. In this book, readers will laugh aloud as parents cope with the typical antics of childhood, but in the end, hugs and kisses show your little one how much you care.
