isbn:9780582088443

On its first appearance English Poetry of the Romantic Period was widely praised as one of the best introductions to the subject. This edition includes updated material in the light of recent work in Romanticism and Romantic poetry. The book discusses the concerns that linked the Romantic poets, from their responses to the political and social upheavals around them to their interest in the poet's visionary and prophetic role. It includes helpful and authoritative discussions of figures such as Blake, Clare, Coleridge, Crabbe, Keats, Scott, Shelley and Wordsworth. [via]
