Maurice Merleau-Ponty (1908-1961) is one of the most important philosophers of the Twentieth century. His theories of perception and the role of the body have had an enormous impact on the humanities and social sciences, yet the full scope of his contribution not only to phenomenology but philosophy generally is only now becoming clear. In this lucid and comprehensive introduction, Taylor Carman explains and assesses the full range of Merleau-Ponty's philosophy.

Beginning with an overview of Merleau-Ponty's life and work, subsequent chapters cover fundamental aspects of Merleau-Ponty's thought, including his philosophy of perception and intentionality; the role of the body in relation to perception; philosophy of history and culture; and his writings on art and aesthetics, particularly the work of Cezanne. A final chapter considers Merleau-Ponty's importance today, examining his philosophy in light of recent developments in philosophy of mind and cognitive science.

Merleau-Ponty is essential reading for students of phenomenology, existentialism and Twentieth century philosophy. It is also ideal for anyone in the humanities and social sciences seeking an introduction to his work.

作者介绍:

Taylor Carman, Professor of Philosophy, came to Barnard College in 1994. He has also taught at the University of California, San Diego. His teaching course load at Barnard includes "Phenomenology and Existentialism", "Recent European Philosophy," and "Hermeneutics, History, and the Human Sciences." In addition to his teaching duties for the Department of Philosophy, Professor Carman is also affiliated with Barnard's Comparative Literature Program.

书评

我最初接触Merleau-Ponty的哲学是通过UC Berkeley的认知语言学家George Lakoff的Philosophy in the flesh。Philosophy in the flesh是我最喜欢的语言学著作之一，也是一本很好的哲学著作。由语言学家Lakoff和哲学家Mark Johnson合著。不要认为我离题了，我只是一这本书为楔子...
