

# Experimental Design and the Analysis of Variance (The Pine Forge Press Series in Research Methods and Statistics)

[Experimental Design and the Analysis of Variance \(The Pine Forge Press Series in Research Methods and Statistics\) 下载链接1](#)

著者:Robert K. Leik

出版者:Pine Forge Press

出版时间:1997-04-19

装帧:Paperback

isbn:9780803990067

Most core statistics texts cover subjects like analysis of variance and regression, but not in much detail. This book provides clear and comprehensive coverage of the concepts behind ANOVA as well as its technical implementation. It emphasizes facilitating students' intuitive and common sense understanding of the concepts before delving into computation.
