Ever been late? Steve has. Lots. But he always has a good excuse. Here are 101 real corkers for you to enjoy. And maybe even borrow...It includes: distracted by a surprisingly complicated Kinder toy; overcome by the urge to alphabetise my pets; forgot how trousers work; became temporarily feral; and got stuck in a romantic montage. "Why Steve Was Late" is a book of hilarious (and even - occasionally - plausible!) reasons for tardiness, handily dreamed up and illustrated by someone else.
