

Entomology and Pest Management (6th Edition)

[Entomology and Pest Management \(6th Edition\) 下载链接1](#)

著者:Larry P. Pedigo

出版者:Prentice Hall

出版时间:2008-07-07

装帧:Hardcover

isbn:9780135132951

Completely updated in a new edition, this book remains ideal for a reader with little or no background in entomology and those who cannot spend the time to take both a general entomology course and an applied course. This combines, in a single volume,

general principles of entomology and modern principles of insect pest management, including factual details and specific examples.Features up-to-date coverage on environmentally sound insecticides; the Transgenic plant controversy; Pest management systems; Newly released and recently discontinued products and updated insecticides; Current government regulations and labeling of microbial pesticides, plant pesticides and biochemical pesticides; and Developments in genetic engineering and plant bio technology.
