Peter Vetrano as Pony Ride is a return to what Laurence Boldt calls the simplicity of the child to once again see and appreciate the joys and mysteries of this life. On this pony ride, you will meet so many of the individuals, past and present, real and imaginary, who have swirled the joys and mysteries of one author's life. PONY RIDE
Poor Pony I feel so sorry for you- I mean, your day is almost through! Your last time around the little dirt track And Johnny on your back! Yeah Pony you are right- He looks so silly with that cowboy hat- Naha! He is not a real cowboy- he is too fat! He is a real brat too-even in school- I wish Uncle Pete would tell him to stop kicking you. Well, Pony, what can I say! Almost at the end of your long day- I am sure, back at home, a good rubdown, probably a full bag of oats, Maybe even a sugar cube or two Waiting for you! Just think about it, Pony! When this pony ride is through.
