isbn:9780240812670

This is the definitive reference for microphones and loudspeakers, your one-stop reference covering in great detail all you could want and need to know about electroacoustics devices (microphones and loudspeakers). Covering both the technology and the practical set up and placement this guide explores and bridges the

link between experience and the technology, giving you a better understanding of the tools to use and why, leading to greatly improved results.

\* The most comprehensive guide available, heavily illustrated with clear helpful diagrams, charts and equations \* Timesaving, one stop reference covering both technology and practical tips and problem solving \* Authored by highly respected industry veterans leaders in the field
