出版时间:2009-04-01

装帧:Hardcover

isbn:9781931884112

Another Harnsberger classic is now available from Amirsys®. Like other volumes in the cutting-edge EXPERTddx™ series, this deluxe reference book presents the most relevant differential diagnoses used by radiologists today, each of them classified by

specific anatomic location, generic imaging findings, modality-specific findings, and clinically based indicators. Packed cover-to-cover with to-the-point bulleted information and more than 2,500 annotated images, with 8 or more for each differential, EXPERTddx™: Head and Neck is by far the most comprehensive and convenient reference book of its kind. An online eBook companion allows the practicing radiologist to access information at the point of care.
