著者:Fred Inglis

出版者:Routledge

出版时间:1998-06-19

装帧:Paperback

isbn:9780415187169

In his life Raymond Williams played many parts: child of the Black Mountains, inspirational adult lecturer, Cambridge professor, folk hero and guru to the left. After his death, he has remained a symbolic figure and his classic works, *Culture and Society*, *The Long Revolution*, *The Country and the City* continue to inspire new generations all over the world. In this major biography, now in paperback for the first time, Fred Inglis has spoken to those who knew this complex and charismatic man at every stage of his life, from his boyhood in the Welsh border country to his brief years of retirement. Through their voices and his own passionate and at times combative engagement with his subject, he tells the story of a life not just for its time but for our own. After Thatcher and Reagan and the Cold War, Williams still has much to teach us about the nature of a good and just society and about the constant struggle to attain it.
