These novels played a unique and lasting role in the development of American literature, and each one remains a beloved and widely read work of fiction. The Adventures of Huckleberry Finn—arguably the great American novel. Ethan Frome—an enduring rural tragedy. And Moby-Dick or, The Whale—a profound inquiry into character, faith, and the nature of perception. Now, Penguin Classics is proud to present these three novels in gorgeous graphic packages featuring cover art by some of the most talented illustrators working today.

I like the boyish narrative. Feels very realistic.
