作者介绍:

Dating Delilah is unlike any book you've read before. It was written as a conversation, from the perspective of Judah Smith, a guy trying to live a pure life; who happens to be a youth pastor. At the age of 13, Judah, a pastor's kid and Christian, realized he wasn't gonna win the war against his sin nature. Even now, after marrying the only girl he ever kissed, Judah admits he's still fighting. He wrote this book because he discovered that purity isn't a destination, it's a process. For you, that process should include the keys in this book - things like an escape route, ancient boundary markers, and practical understanding of biblical truth. You can live a pure life, but first you've got to break up with Delilah.
