As an overview, "The Nick The Wise Old Cat Series" books are warm, loveable, and soon-to-be classic stories presented through the eyes of Nick, the 'wise old cat' influenced by the world around him and the special loving relationship he has with his Nice Lady caregiver. This is the second of three books within series. Through the series, young readers will learn about the importance and diversity of relationships that constitute family. Nick is a very observant and inquiring fellow and, as a rescued animal, offers the reader a greater sensitivity and appreciation for life, family, and the importance of human relationships. In this volume, Nick takes his young readers back to the beginning when he was just a young kitten finding himself and his sister up for adoption at Frank's Furry Friends. Follow his odyssey from loss to attachment as the Nice Lady walks into his life one day and they become family. Taking place around the Thanksgiving holidays, the story reinforces not only the importance for reflection and thankfulness during this special holiday, but also the importance of family and how we all need to be thankful for ours.
