In this collection of Sanskrit verse, the late Daniel Ingalls provides English readers with a variety of poetry from the anthology of an 11th-century Buddhist scholar. Although the style of poetry presented here originated at the royal courts, the book shows how it was adapted to all aspects of life, and came to address issues as diverse as love, sex, heroes, nature, and peace.

作者介绍:

Daniel H. H. Ingalls was Wales Professor of Sanskrit, Emeritus, Harvard University.

目录: General Introduction
