出版时间:2007-12-31

装帧:Paperback

isbn:9780762433650

Charles Darwin has become one of the most important men in history. The quiet, unsure polymath who avoided confrontation, ensconced in his family home at Downe House in Kent, was also a revolutionary who developed his idea of Natural Selection in isolation. Aydon's short biography is considered one of the best introductions to the life and times of Darwin.
