著者:A. Bonfiglioli

出版者:Springer Berlin Heidelberg

出版时间:2009-12-09

装帧:Paperback

isbn:9783642090998

This book provides an extensive treatment of Potential Theory for sub-Laplacians on stratified Lie groups. It also provides a largely self-contained presentation of stratified Lie groups, and of their Lie algebra of left-invariant vector fields. The presentation is accessible to graduate students and requires no specialized knowledge in algebra or differential geometry.
