出版者:MAX STRÖM

出版时间:2009

装帧:Hardcover

isbn:9789171261649

From back home is one of the most powerful photographic stories published for many years, on a Sweden distant from the city. Photographer Anders Petersen and JH Engström are internationally renowned, and their images are displayed in museums and galleries worldwide. They both come from Värmland and have now returned to depict their homeland. The result is an intrusive and dizzying journey among people, events and landscapes of over 300 pages.

Winner of the prestigious Photo Book Award for best book of the year at the Arles Photography Festival.
