A wildly original and hilarious debut novel about the typical high school experience: the homework, the awkwardness, and the mutant creatures from another galaxy.

When Darren Bennett meets Eric Lederer, there's an instant connection. They share a love of drawing, the bottom rung on the cruel high school social ladder and a pathological fear of girls. Then Eric reveals a secret: He doesn't sleep. Ever. When word leaks out about Eric's condition, he and Darren find themselves on the run. Is it the government trying to tap into Eric's mind, or something far darker? It could be that not sleeping is only part of what Eric's capable of, and the truth is both better and worse than they could ever imagine.
