Description: Before Carrie Bradshaw hit the big time in the City, she was a regular girl growing up in the suburbs of Connecticut. How did she turn into one of the most-read social observers of our generation? The Carrie Diaries opens up in Carrie's senior year of high school. She and her best friends -- Walt, Lali, Maggie, and the Mouse -- are inseparable, amid the sea of Jers, Jocks and Jets. And then Sebastian Kydd comes into the picture. Sebastian is a bad boy -- older, intriguing, and unpredictable. Carrie falls into the relationship that she was always supposed to have in high school -- until a friend's betrayal makes her question everything. With her high school days coming to a close, Carrie will realize it's finally time to go after everything she ever wanted. Rabid fans of "Sex and the City" will love seeing Carrie Bradshaw evolve from a regular girl into a sharp, insightful writer. They'll learn about her family background -- how she found her writing voice, and the indelible impression her early friendships and relationships left on her. We'll see what brings Carrie to her beloved New York City, where the next Carrie Diaries book will take place.

飞机读物，Candace大姐，您的犀利范儿到哪儿去了？

read some sections on TeenVogue.when Carrie was a high school chick!that's total hilarious!

I'm stupid, I know. But I don't care anymore.

在Carrie成为那个闪亮的曼哈顿女人之前的故事。boring极了，即使是Carrie，在高中也只是经历着三角恋、朋友背叛、姐妹矛盾等等鸡毛蒜皮的小事儿。这种故事，三流作家就能写出来。Candace Bushnell还是转回她擅长的纽约故事吧。

Candace is a good writer~

chic fiction

为了结尾那句“SAMANTHA JONES"也得给四星吧

两天就看完啦，我怎么看书的速度加快了？！ Candace写高中生活也很厉害啊，比Gossip Girl灵啊！ 虽然真的还是mean啊！ 第一次买的Hardcover，感觉就是不一样！

It's about a time when Carrie Bradshaw has lousy taste in men and even lousier taste in friends and how she struggles to grow out of it. The way Candace Bushnell delivers her story makes it very easy to believe that the young Bradley(A.K.A. Carrie) is indeed a shrewd observer of not only relationship but also human nature in the making.

感觉和TV series 剧情差别有点大||看完了，看来TV series和书差别太大了。。。书里面我最讨厌Sebastian，电视剧里面我最讨厌Maggie。总的来说还是一部轻喜爱情故事吧。。有点drama的感觉。。 But this is high school. I think..

比sex and the city差远了！

其实每个女生都会遇到一个Sebastian这样的jerk，可是喃，不是每个人都有Walt和George这样的朋友

第一次读chick lit,真是觉得这群高中生图样图森破,各种对无聊的小事纠结阿==

I believe the book cover is better than the content...

太青春太boring，不是我的菜，只是结尾的一句Samantha Jones让我很期待后作~

自我感觉没有美剧版的精彩花哨，不过，美剧更新太慢，只好用这个暂时充饥。

before there was sex before there was city, there was only me, Carrie. 所谓sex and city前传，但基本是另一个故事，除了对纽约的向往外并无雷同。如果想回味一下高中生活可以一读。没想到众主角在高中纠结的问题我现在还在纠结..看来一直有颗少女心

读到一半弃，真心没有意思。

书评

爲了紀念一下這個第一次讀完全本的非教科書類英文原著，一定要寫一下久未動筆的書評。很早就知道這本書，當然是因為這是sex and the city的作者的新作，還記得是在信義誠品看到的，2010年5月吧。當時我還沒陷入購買港台書的失心瘋狀態，也還未自己賺錢，花錢自然想得多一些...
