# Fundamentals of Error-Correcting Codes

[Fundamentals of Error-Correcting Codes_下载链接1_](#)

著者:W. Cary Huffman

出版者:Cambridge University Press

出版时间:2010-2-18

装帧:Paperback

isbn:9780521131704

Fundamentals of Error Correcting Codes is an in-depth introduction to coding theory

from both an engineering and mathematical viewpoint. As well as covering classical topics, there is much coverage of techniques which could only be found in specialist journals and book publications. Numerous exercises and examples and an accessible writing style make this a lucid and effective introduction to coding theory for advanced undergraduate and graduate students, researchers and engineers, whether approaching the subject from a mathematical, engineering or computer science background.
