Jamie just can't sleep, no matter how hard he hugs Floppy Rabbit - there's a noisy, scary thunderstorm howling outside, and it's keeping him awake. Maybe his big sister, Lucy, will think of a way to get rid of the storm, or maybe the fairies will help to make the storm stop...A reassuring, comforting and magical story which deals with a common childhood fear in a soothing and enchanting way. A beautiful follow-up to *Where the Fairies Fly*.
