In this fabulous new collection of fast and fun puzzles, Nathan Haselbauer sets out to satisfy that most basic of puzzling cravings - the buzz of reaching the solution quickly. Here is the perfect book for anyone who has ever felt the thrill of being on a roll. "The Mammoth Book of Fast Puzzles" contains over 400 all-new original brainteasers, ranging from easy maths and logic problems, to word games, sudoku, mazes and illusions, with the emphasis on clarity of presentation and simplicity of answer. The puzzles range from very easy to only moderately challenging, and are all capable of being solved in an equally short time. Put together, they form an addictive collection.
