In Hedda Gabler and The Master Builder Ibsen shifted his focus from the pressures exerted on women by society to the pressures individuals exert on other individuals in their urge to dominate and control one another. Hedda Gabler, 'a-crawl with the foulest passions of humanity', as one contemporary reviewer claimed, is also a flawed idealist in an anguished private dilemma; in creating her Ibsen brought dramatic prose towards the expression of a reality beneath the surface of words. This collection of plays is taken from the Oxford Ibsen, James McFarlane's acclaimed scholarly edition.

已经是读过的易卜生里面最喜欢的几部戏了，但还是那样：farces without jokes，简直是中国电视连续剧的情节蓝本。
