Using Joomla

[Using Joomla_下载链接1_](#)

著者:Ron Severdia

出版者:O'Reilly Media

出版时间:2009-12-15

装帧:Paperback

isbn:9780596804947

If you're new to web content management systems, or even new to building websites, this book will help you create powerful web applications and high-quality websites with Joomla. With an emphasis on hands-on learning, "Using Joomla" provides a

complete introduction to this web framework that will get you up and running in no time. It helps to have a basic understanding of HTML and CSS, but even that isn't necessary if you want to get started right away. Whether you need to build a website quickly, have a client who needs a website with lots of functionality, or want to use a content management system to convert an existing website, this book is for you. Newcomers will find a thorough introduction to the framework, and experienced Joomla developers will learn best practices for building sophisticated websites.
