"Crime Scene Investigator" offers a unique insight into the work and thinking of a major expert in the captivating field of forensic science. Semi-autobiographical, it charts the development of one individual and the science of crime scene investigation, with real life stories, the horror and the humour, human endeavour at its very best and worst. It

tells the stories of real cases and real people. The book is punctuated by chapters explaining the thought processes and practise behind the science during its recent development.
