This visual automotive "Hall of Fame" spotlights the most important and influential cars from close to a century of automobiles. Selected for their technological innovations, engine power, and sheer beauty, the cars in this lavish volume are unsurpassed as objects of design and invention. Superb studio images from one of the world's foremost automotive photographers depict the outstanding qualities that

make each a masterpiece. Organized chronologically, this volume presents the iconic cars of each decade. From the 1923 Duesenberg Touring Car, to the classic Ford Mustang of 1964, to the Ferrari's of the 1990's, to the 2006 Aston Martin D89 Volante convertible, this spectacular volume showcases cars that are the stuff automobile enthusiasts dream of.
