Let's Talk is a three-level speaking and listening series that takes students from a high-beginning to a high-intermediate level. A set of two class Audio Cassettes features all the listening activities from the Student's Book. The engaging task-based listening activities focus student listening and are recorded in natural, conversational American English. The Audio program features interviews, conversations, news reports, and other interesting listening texts. Many of the recorded dialogs are unscripted to ensure that they reflect English as it is actually spoken in a variety of realistic situations. The listening program is also available on Audio CDs.
