出版时间:1995-12-17

装帧:Paperback

isbn:9780801317651

A uniquely accessible guide to a difficult subject, *A Practical Introduction to Literary Theory and Criticism* introduces students to the major trends in contemporary literary theory. Offering the breadth of information of a handbook and the examples of an anthology, it provides an invaluable alternative to the standard collections and shows students how literary theory really unfolds.
