A recent "National Academy of Sciences" inductee, Conrad Phillip Kottak offers an up-to-date holistic introduction to cultural anthropology. Kottak emphasizes why anthropology should matter to students and how students can use anthropology to better understand themselves. "Bringing It All Together" essays found on the online learning center demonstrate the integrated and comparative nature of anthropology. New "Through the Eyes of Others" essays offer the perspectives of foreign students and recent graduates who present their own cultures of origin in contrast with contemporary American culture. Thought-provoking questions now begin each chapter to highlight key themes and spark discussions and critical thinking.
