The first-ever full-length biography of Assia Wevill, the lover of Ted Hughes and rival of Sylvia Plath. "My true wife and the best friend I ever had," wrote Ted Hughes after Assia Wevill's 1969 suicide. Long seen as the woman who lured Hughes away from Sylvia Plath, Wevill has remained a mysterious figure. Now, for the first time Yehuda Koren and Eilat Negev tell the story of Wevill's remarkable life and the seven years she spent with Hughes before killing herself, and their daughter, in a manner that inevitably recalled Plath's suicide six years earlier. Drawing on previously unavailable papers, including Wevill's diaries and intimate correspondence with Hughes, Koren and Negev offer a gripping portrayal of the uneasy life the couple shared under Plath's long shadow.

评论

这是一个被外界，当然还有特德休斯毁灭的天才。她的文学才华（翻译）方才展露便终止了，就连她翻译的阿米亥也被冠以了休斯的名字。
