Barron's brand-new "AP Art History" test prep manual is now available with an optional CD-ROM. The book offers test takers a review of art history, starting with the earliest Western civilizations and extending to art of the present day. Additional chapters focus on non-European art traditions in India, China, Japan, the Americas, Africa, and the Pacific. Major periods are reviewed in separate chapters, each containing historical background, artistic innovation, major artists and movements, key works test takers should know, and relevant vocabulary. Each chapter has multiple-choice review questions and a practice essay with a model response. Every work of art discussed is illustrated in the text with an adjoining bulleted list of its characteristics. A diagnostic exam precedes the chapters surveying art history, and two full-length AP practice exams are presented at the end of the book with answer keys, diagnostic charts, answer explanations, and model essay responses. The text is profusely illustrated and a glossary of important terms is provided. The optional CD-ROM presents two additional practice tests with answers and automatic scoring. In addition, the CD-ROM contains a flash card feature to test students' visual memories as they learn to identify 300 works of art.

唯一一本辅导书了...而且我觉得内容还有点儿不太全...art his悲剧啊.....

得画张大表。

用的不是这一版 但是不得不说巴朗真是该详细的地方不详细
没用的信息却特别多.....算了已经凉了
