A bomb in Rome, a flash of bluish-white and photojournalist Josh Ryder's world exploded. Nothing would ever be the same.As Josh recovers, his mind is invaded with thoughts that have the emotion, the intensity, the intimacy of memories.But these are not his memories. They are ancient... and violent. There's an urgency to them he can't ignore--pulling him to save a woman named Sabina... and the treasures she protects. But who is Sabina? Desperate for answers, Josh turns to the world-renowned Phoenix Foundation--a research facility that scientifically documents cases of past life experiences. He is led to an archaeological dig and to Professor Gabriella Chase, who has discovered an ancient, powerful secret that threatens to merge the past with the present. Here, the dead call out to the living, and murders of the past become murders of the present.
