出版者:Viking

出版时间:1983

装帧:Hardcover

isbn:9780670795338

A doctor's fascinating view of what medicine was, and what it has become. Thomas first learned about medicine by watching his father practice in an era when doctors comforted rather than healed. Looking back upon his experiences as a medical student, young doctor, and senior researcher, Thomas notes that medicine is now rich in possibility and promise.

Lewis-Thomas

散文及文集

## 评论

Lewis Thomas的在医学、科研、教育界的工作心得笔记。

-----  
一本书，用了十年才差不多读完。美国医学一个世纪发展的历史。作者不仅是耶鲁医学院的院长，MD-PhD programme的创立者，还是诗人。。。最有趣是一些观点，例如最容易长寿的是患一个不致命的慢性病，以及医学生应该没年两次集体感冒以便体会病人的感受等等。
