New to management and looking for a guide to get you up and running (not to mention commended) from day one? 90 Days to Success as a Manager is your action plan. It provides first-time managers and supervisors the guidance they need to become effective and successful department managers. You?ll learn about managing people, processes, and technology through a real-world, fact-based approach, backed by 30 years of proven success not only by the author, but by all the mentors and coaches he has had during his 30-year career, which has taken him from management trainee to CEO of a Wall Street Firm Division. The book goes beyond management theory by relating important principles to on-the-job situations with real work scenarios. New managers will be able to incorporate these principles to create a high-performance environment and get off to a productive start as a manager in any field.
