Inspired by the Universal Pictures' classic horror film, "The Wolfman" tells the story of Lawrence Talbot, a man haunted by dark, disturbing memories. When his brother mysteriously disappears, Talbot returns to the village of his childhood to investigate. In the process he discovers both a terrifying secret about men cursed as werewolves and the truth about this tortured past. This movie tie-in edition is written by Bram Stoker Award-winning author Jonathan Maberry ("Patient Zero"). The film is directed by Joe Johnston Oscar(copyright)-winning director of "Jumanji", "October Sky", and "Jurassic Park III", and will star Oscar(copyright)-winning actors Benicio Del Toro and Anthony Hopkins.
