The essential guide to makeup from a seasoned professional. In this comprehensive guide, makeup artist Kit Spencer shares the beauty secrets and tricks that are essential in creating the perfect look. She advises on all aspects of makeup application and makeup kit essentials, including brushes, sponges, tweezers and eyelash curlers.

Step-by-step instructions and sequential photographs detail: Planning a makeup look How to effectively cleanse, tone, moisturize and prime skin How to alter a style for different ages Product formulations, color selection and application How to create the basic eye "look" Problem solving, from concealing acne to hiding facial hair Halloween looks for men and women and special effects Bridal makeup. This innovative guide maps the face, describing which areas should be highlighted and which should be concealed. Spencer also advises on makeup courses and buying products and equipment, including a list of suppliers. Packed with beautiful color photographs, "Pro Makeup" is the best and most comprehensive guide to makeup.
